AGRO INDUSTRIAL PROJECTS

Agroguide can prepare Detailed Project Reports (DPR) for you on any topic you have selected from this website or as per your idea.

Each Detailed Project Reports will contain latest information about the business, Market analysis, sources of plant & machinery, raw materials to forecasting the financial requirements. The scope of the report includes assessing market potential, negotiating with collaborators, investment decision making, corporate diversification planning etc. in a very planned manner by formulating detailed manufacturing techniques and forecasting financial aspects by estimating the cost of raw material, formulating the cash flow statement, projecting the balance sheet etc.

We also offer self-contained Pre-Investment and Pre-Feasibility Studies, Market Surveys and Studies, Preparation of Techno-Economic Feasibility Reports, Identification and Selection of Plant and Machinery, Manufacturing Process and or Equipment required, General Guidance, Technical and Commercial Counseling for setting up new industrial projects on all topics.

We can modify the project capacity and project cost as per your requirement. We can also prepare project report on any subject as per your requirement and capacity.

Following is the list of Projects, Available with us :-
